### About

Business, management and investment experience in all asset classes (equities, fixed income, hedge funds, private equity).

Started and built two alternative fund management businesses and started an EFM department.

- Launched 9 funds (hedge funds, private equity, loan). Built a platform business for start-up managers.
- Launched 12 Asian single-strategy hedge funds and 1 fund-of-hedge fund at Lion Fairfield.
- Started an external fund manager selection programme and outsourced equity, fixed income, hedge fund and private equity mandates.

Portfolio management experience in all investment classes: hedge funds, private equity, public securities (equities, fixed income), currencies, derivatives and futures.

Corporate finance and treasury management experience.

Master of Applied Finance (Macquarie). Winner of 2000 Singapore Applied Finance Prize for Applied Portfolio Management.

SGY Asset Management (Singapore) Ltd · Full-time

Home

My Network

Jobs

Head of research. Covered Asia Pacific ex-Japan macroeconomic research. Worked with Chief Investment Officer in formulating economic outlook and market allocation strategy. Liaised with overseas offices (Paris, London, Tokyo) on Asia Pacific ex-Japan economics and strategy.

Corporate quantitative research: built quantitative screening models for Asia Pacific ex-Japan equity markets and industries. Monitor key industries (banking, telecommunications and technology).

## Vice President - Group Corporate Finance

RGM International Pte Ltd · Full-time

Dec 1998 - Nov 1999 · 1 yr

Singapore

Corporate finance and strategic investment analysis – evaluate financial strategies and investments that will maximize shareholder value

- Reviewed capital structure and plan capital requirements of business units
- Built financial models and did valuation (enterprise value) of business units using discounted cash flow method. Used the CAPM model to determine the discount rate (the cost of capital).
- Used Black-Scholes option pricing model to price an option for a stake in a pulp company that was offered to a strategic partner in return for a US\$121 million capital injection.
- Evaluated the investment feasibility and enhancement to shareholder value in the possible acquisition of a shipping company.

Treasury – monitoring of cash flows and exposures of business units. Risk analysis. Supervised short-term cash flow management.

Funding:

- Worked on an initial public offering for the Palm Oil division. Deal size US\$250m.
- Evaluated the financial impact of various alternatives in raising financing for the Pulp & Paper division:
  - Proposed issue of shares
  - Proposed sale of paper company to buyer (deal size US\$364 million)
  - Proposed merger of pulp company with competitor (deal size US\$1,157m)
  - Proposed debt-equity swap (US\$100 million).
- Debt restructuring negotiations with banks
